about us

In an industry where some sellers focus on innovation, the other few choose to concentrate on variety, EXOTICA has adopted a holistic strategy of encompassing all the attributes of the product. EXOTICA epitomizes consumer-first approach with an enduring combination of innovation, unique variety and quality.

Since its inception in 2011, EXOTICA tiles, based at Morbi in Gujarat, is one of the pioneer and dominant manufacturers cum exporters of premium glazed vitrified tiles. EXOTICA has state-of-the-art manufacturing facility with latest technology machinery imported from Italy, Spain and China. At EXOTICA, we believe in providing superior quality and services, further strengthening our relationship with consumers.

In tandem with an increasing demand of vitrified tiles, we have an installed capacity of 55,000 sq.m./day of GVT, PGVT, WALL TILES and Double Charge tiles spread across a humongous 65 acres land. We have collaborated with the largest Italian conglomerate, Sacmi for its press technology and installed System digital printing machine, which helps us yield innovative tiles with stunning designs and excellent quality. We constantly emphasize on new product development catering the dynamic and unique taste of our consumers.

Note: Colour Shown are as accurate as the limitations of the printing process will allow. Prospective customers are advised to inspect a sample of the tile before ordering. Every effort has been made to ensure the accuracy of the information given. However, the company reserve the right to change the specifications without prior notice. Sometime variations in shade or size being inherent to ceramic industry may occur. Before fixing, we advise you to follow the fixing instructions on the cartons of the tiles as no responsibility can be accepted by the company once the tiles have been fixed.

DESIGN, PATTERN & SHADE VARIATION GUIDE

Current development efforts have made Ceramic tiles to resemble and look authentically identical to natural materials (Stone, Wood, Fabric), and it has become increasingly difficult in many cases, to distinguish between the tow.

Recognising this situation, it is necessary to be informed on the grade of Design & Pattern variation that is expected form these products. as a general reference the Design & Pattern guide below classifies a scale of ranges according to the degree of the variation.

V1 Uniform Appearance

V2 Slight Variation

V3 Moderate Variation

V4 Substantial Variation

The Classification Is As Follow:

V1 Minimal Variation

V3 Random Variation

V2 Slight Variation

V4 Substantial Variation
